Sermon by Rev. Mr. Moody—A Startling Subject.

[From the Chicago Daily Tribune.]

The principal event of this week of revival since the watch-meeting on New Year's Eve was the long-expected sermon of Mr. Moody on The Return of our Lord. All his other topics have been such as all orthodox ministers dwell upon; all his utterances have been along the line of "those things which are most commonly believ d among us;" but when, some ten days ago, Mr. Moody announced this sermon, there arose no small stir to know what he would say on this theme, which was understood to be about his only theological specialty.

That he should preach for three months and never once allude to this doctrine, which, from the discourse of yesterday, appears to be as fire shut up in his bones, shows him to be possessed of that Christian wisdom which Paul says is "profitable to direct." This is a controverted point; sinners can be brought to Christ without it; believers can be roused to helpfulness by other motives; and thus it is among his very last utterances, during a supplemental series of meetings, that he brings out his favorite theory of the speedy second advent of Jesus Christ to take His Church out of the world.

The service, which was attended by nearly 5,000 people, was opened with the ninety-sixth hymn of the Bliss and Sankey collection, entitled "Till He Come." The opening prayer was by Rev. S. H. Adams, of Centenary M. E. Church. Another hymn, written by Mr. Bliss, was sung as a solo and chorus, beginning with the words, "Down life's dark vale we wander till Jesus comes." Then a hymn by the whole congregation, "Rejoice and be glad, for he cometh again." After which Mr. Moody commenced

THE ADDRESS,

as follows: In 2 Timothy 3:16, Paul declares, "All Scripture is given by inspiration of God, and is profitable for doctrine, for reproof, for instruction in righteousness"; but there are some people who tell us when we take up prophecy that it is all very well to be believed, but that there is no use in one's trying to understand it; these future events are things that the churches do not agree about, and it is better to let them alone, and deal only with those prophecies which have already been fulfilled. But Paul doesn't talk that way; he says, "All Scripture is . . . profitable for doctrine." If these people are right, he ought to have said, "Some scripture is profitable; but you can't understand the prophecies, so you had better let them alone." If God did'nt mean to have us study the prophecies, he would'nt have put them into the Bible. Some of them are fulfilled, and he is at work fulfilling the rest; so that if we do not see them all completed in this life we shall in the world to come.

I don't want to teach anything today, dogmatically, on my own authority, but to my mind this precious doctrine—for such I must call it—of the return of the Lord to this earth is taught in the New Testament as clearly as any other doctrine in it; yet I was in the church fifteen or sixteen years before I ever heard a sermon on it. There is hardly any church that does'nt make a great deal of baptism, but the New Testament speaks about baptism only thirteen times, while it speaks of the return of our Lord fifty times; and yet the church has had very little to say about it. Now, I can see a reason for this: the devil does not want us to see this truth, for nothing would wake up the church so much. The moment a man takes hold of the truth that Jesus Christ is coming back again to receive his friends to himself, this world loses its hold upon him; gas-stocks and water-stocks, and stocks in banks and in horse railroads, are of very much less consequence to him then. His heart is free, and he looks for the blessed appearing of his Lord, who at his coming will take him into his blessed kingdom.

In 2 Pet. 1:20, we read, "no prophecy of the Scripture is of any private interpretation." Some people say, "Oh! yes, the prophecies are all well enough for the priests and doctors, but not for the rank and file of the church." But Peter says, "The prophecy came not by the will of man, but holy men spake as they were moved by the Holy Ghost," and those men are the very ones who tell us of the return of our Lord. Look at Daniel 2:45, where he tells the meaning of that stone which the king saw in his dream that was cut out of the mountain without hands, and that broke in pieces the iron, the brass, the clay, the silver and the gold. "The dream is certain and the interpretation thereof sure," says Daniel. Now we have seen the fulfillment of that prophecy all but the closing part of it. The kingdoms of Babylon and Medo-Persia and Greece and Rome have all been broken in pieces, and now it only remains for this stone cut out of the mountain without hands to smite the image and break it in pieces till it becomes like the dust of the summer threshing floor, and for this stone to become a great mountain and fill the whole earth.

BUT HOW IS HE GOING TO COME?

We are told how he is going to come. When those disciples stood looking up into heaven at the time of his ascension, there appeared two angels, who said unto them (Acts 1:11), "Ye men of Galilee, why stand ye gazing up into heaven? This same Jesus which is taken up from you into heaven shall so come in like manner as ye have seen him go into heaven." How did he go up? He took his flesh and bones up with him. Look at me; handle me; give me something to eat; a spirit has not flesh and bones as ye see me have; I am the identical one whom they crucified and laid in the grave. Now I am risen from the dead and am going up to Heaven. He is gone, say the angels, but he will come again just as he went. An angel was sent to announce his birth of the Virgin; angels sang of his advent in Bethlehem; an angel told the women of his resurrection; and two angels told the disciples of his coming again. It is the same testimony in all these cases.

I don't know why people shouldn't like to study the Bible, and find out all about this precious doctrine of our Lord's return. Some have gone beyond prophecy, and tried to tell the very day he would come. Perhaps that is one reason why people do not believe this doctrine. He is coming, we know that; but just when he is coming we don't know. Matthew 24:36 settles that. The angels don't know, and Christ says that even he doesn't know, but that is something the Father keeps to himself. If Christ had said, "I will not come back for 2,000 years," none of his disciples would have begun to watch for him, but it is the proper attitude of a Christian to be always looking for his Lord's return. So God does not tell us when he is to come, but Christ tells us to watch. In this same chapter we find that he is to come unexpectedly and suddenly. In the twenty-seventh verse we have these words: "For as the lightning cometh out of the east and shineth unto the west, even so shall also the coming of the Son of Man be." And again in the forty-fourth verse, "Therefore be ye also ready, for in such an hour as ye think not the Son of Man cometh,"

Some people say that means death; but the word of God does not say it means death. Death is our enemy, but our Lord hath the keys of death; he has conquered death, hell and the grave, and at any moment he may come to set us free from death and destroy our last enemy for us; so the proper state for a believer in Christ is waiting and watching for our Lord's return.

In the last chapter of John there is a text that seems to

SETTLE THIS MATTER.

Peter asks the question about John, "Lord what shall this man do? Jesus said unto him, If I will that he tarry till I come, what is that to thee? Follow thou me. Then went this saying abroad among the brethren that that disciple should not die." They did not think that the coming of the Lord meant death; there was a great difference between these two things in their minds. Christ is the Prince of Life; there is no death where he is; death flees at his coming; dead bodies sprang to life when he touched them or spoke to them. His coming is not death; he is the resurrection and the life; when he sets up his kingdom there is to be no death, but life forevermore.

There is another mistake as you will find it if you read your Bibles carefully. Some people think that at the coming of Christ everything is to be all done up in a few minutes; but I do not so understand it. The first thing he is to do is to take his church out of the world. He calls the church his bride, and he says he is going to prepare a place for her. We may judge, says one, what a glorious place it will be from the length of time he is in preparing it, and when the place is ready he will come and take the church to himself.

In the closing verses of the fourth chapter of 1 Thessalonians, Paul says: "If we believe that Jesus died and rose again, even so also them which sleep in Jesus will God bring with him. . . . We which are alive and remain unto the coming of the Lord shall not prevent them which are asleep. For the Lord himself shall descend from Heaven with a shout, with the voice of the archangel, and with the trump of God, and the dead in Christ shall rise first. Then we which are alive and remain shall be caught up together with them in the clouds to meet the Lord in the air, and so shall we ever be with the Lord. Wherefore comfort one another with these words." That is ever the comfort of the church. There was a time when I used to mourn that I should not be alive in the millennium; but now I expect to be in the millenium. Dean Alford says—almost everybody bows to him in the matter of interpretation—that he must insist that this coming of Christ to take his church to himself in the clouds is not the same event as his coming to judge the world at the last day. The deliverance of the church is one thing, judgment is another. Now, I can't find any place in the Bible where it tells me to wait for signs of the coming of the millennium, as the return of the Jews, and such like; but it tells me to look for the coming of the Lord; to watch for it; to be ready at midnight to meet him, like those five wise virgins. The trump of God may be sounded, for anything we know, before I finish this sermon—at any rate we are told that he will come as a thief in the night and at an hour when many look not for him.

Some of you may shake your heads and say, "Oh! well, that is too deep for the most of us; such things ought not to be said before these young converts; only the very wisest characters, such as the ministers and the professors in the theological seminaries, can understand them." But, my friends, you find that Paul wrote about these things to those young converts among the Thessalonians, and he tells them to comfort one another with those words. Here in the first chapter of 1 Thessalonians Paul says, "Ye turned to God from idols to serve the living and true God, and to wait for his Son from Heaven whom he raised from the dead, even Jesus which delivered us from the wrath to come." To wait for his Son; that is the true attitude of every child of God. If he is doing that, he is ready for the duties of life, ready for God's work; aye, that makes him feel that he is just ready to begin to work for God. Then over in the next chapter (verse 19,) he says, "For what is our hope, or joy, or crown of rejoicing? Are not even ye, in the presence of our Lord Jesus Christ, at his coming?" And again in the third chapter, in the thirteenth verse, "To the end that he may establish your hearts unblamable in holiness before God even our Father, at the coming of our Lord Jesus Christ with all his saints." Still again, in the fifth chapter, "For ye yourselves know perfectly that the day of the Lord so cometh as a thief in the night." He has something to say about this same thing in every chapter; indeed, I have thought this epistle to the Thessalonians might be called the gospel of Christ's coming again.

There are three great facts foretold in the word of God: First that Christ should come; that has been fulfilled. Second, that the Holy Ghost should come; that was fulfilled at Pentecost, and the church is able to testify to it by its experience of his saving grace. Third, the return of our Lord again from Heaven; for this we are told to watch and wait "till he come." Look at that account of the last hours of Christ with his disciples. What does Christ say to them? If I go away I will send death after you to bring you to me? I will send an angel after you? Not at all. He says, "I will come again and receive you unto myself." If my wife were in a foreign country, and I had a beautiful mansion already for her, she would a good deal rather I should come and bring her unto it than to have me send some one else to bring her. So the church is the Lamb's wife. He has prepared a mansion for his bride, and he promises for her joy and comfort that he

WILL COME HIMSELF

and bring us to the place he has been all this while preparing.

My friends, it is perfectly safe to take the word of God just as we find it If he tells us to watch, then watch! If he tells us to pray, then pray! If he tells us he will come again, wait for him! Let the church bow to the word of God, rather than to be trying to find out how these things can be. "Behold, I come quickly," said Christ. "Even so, come, Lord Jesus," should be the prayer of the church.

Take the account of the words of Christ at the communion table. It seems to me the devil has covered up the most precious thing about it. "For as often as ye eat this bread and drink this cup, ye do show forth the Lord's death *till he come.*" But most people seem to think that the Lord's table is the place of self-examination and repentance, and making good resolutions. Not at all; you spoil it in that way; it is to show forth the Lord's death, and we are to keep it till he comes.

Some people say, "I believe Christ will come on the other side of the millennium." Where do you get it? I can't find it. The word of God nowhere tells me to watch and wait for the coming of the millennium, but for the coming of the Lord. I don't find any place where God says the world is to grow better and better, and that Christ is to have a spiritual reign on earth of a thousand years. I find that the earth is to grow worse and worse, and at length there is to be a separation,—two women grinding at a mill, one taken and the other left; two men in one bed, one taken and the other left. The Church is to be translated out of the world, and of this event we have two examples already, two representatives, we might say, in Christ's Kingdom, of what is to be done for all his true believers. Enoch is the representative of the first dispensation Elijah of the second, and, as a representative of the third dispensation, we have the Saviour himself, who is entered into the Heavens for us, and become the first fruits of them that slept. We are not to wait for the great white throne judgment, but the glorified church is to sit on the throne with Christ and to help to judge the world.

Now, some of you think this is a new and strange doctrine, and that they who preach it are speckled birds. But let me tell you that most of the spiritual men in the pulpits of Great Britain are firm in this faith. Spurgeon preaches it. I heard Newman Hall say that he knew no reason why Christ might not come before he got through with his sermon. But in certain wealthy and fashionable churches, where they have the form of godliness, but deny the power thereof—just the state of things which Paul declares shall be in the last days—this doctrine is not preched or believed. They do not want sinners to cry out in the meeting, "What must I do to be saved?" They want intellectual preachers who will cultivate their taste, brilliant preachers who will rouse their imagination, but they don't want the preaching that has in it the power of the Holy Ghost. We live in the day of

SHAMS IN RELIGION.

The church is cold and formal; may God wake us up! And I know of no better way to do it than to get the church to looking for the return of the Lord.

Some people say, "Oh! you will discourage the young converts if you preach that doctrine." Well, my friends, that hasn't been my experience. I have felt like working three times as hard ever since I came to understand that my Lord was coming back again. I look on this world as a wrecked vessel. God has given me a life-boat, and said to me, "Moody, save all you can." God will come in judgment and burn up this world, but the children of God don't belong to this world; they are in it, but not of it, like a ship in the water. This world is getting darker and darker; its ruin is coming nearer and nearer; if you have any friends on this wreck unsaved, you had better lose no time in getting them off. But some one will say, "Do you then make the grace of God a failure?" No; grace is not a failure, but man is. The antedeluvian world was a failure; the Jewish world was a failure; man has been a failure everywhere, when he has had his own way and been left to himself. Christ will save his church, but he will save them finally by taking them out of the world. Now don't take my word for it; look this doctrine up in your bibles, and, if you find it there, bow down to it and receive it as the word of God. Take Matt. 24:50: "The Lord of that servant shall come when he looketh not for him, and in an hour he is not aware of, and shall cut him asunder and appoint him his portion with the hypocrites; there shall be weeping and gnashing of teeth." Take 2 Peter, third chapter, fourth and fifth verses: "There shall come in the last days scoffers, walking after their own lusts, and saying, where is the promise of his coming? for since the fathers fell asleep all things continue as they were at the beginning of creation." Go out into the streets of Chicago and ask men about the return of the Lord, and that is just what they say: "Ah, yes, the Lord delayeth his coming!"

"Behold, I come quickly," said Christ to John, and the last prayer in the Bible is, "Even so, Lord Jesus, come quickly." Were the early Christians disappointed then? No, no man is disappointed who obeys the voice of God. The world waited for the first coming ot the Lord; waited for 4,000 years, and then he came. He was here only thirty years and then he went away, but he left us a promise that he would come again; and as the world watched and waited for his first coming and did not watch in vain, so now to them who wait for his appearing shall he appear a second time unto salvation. Now let the question go round, "Am I ready to meet the Lord if he comes to night?" "Be ye also ready, for in such an hour as ye think not the Son of Man cometh."

There is another thought I wish to call your attention to, and that is, Christ will

BRING ALL OUR FRIENDS WITH HIM

when he comes. All who have died in the Lord are to be with him when he comes in the clouds of heaven. "Blessed and holy is he that hath part in the first resurrection; on such the second death has no power, but they shall be priests of God and of Christ, and shall reign with him a thousand years." (Rev. 20:6.) "But the rest of the dead lived not again until the thousand years were past; this is the first resurrection." (Verse 5.) That looks as if the church was to have a thousand years with Christ before his return to the final judgment, when Satan shall be cast out, and there shall be new heavens and new earth wherein dwelleth righteousness.

Now I want to give you some texts to study at home: 1 Cor. 2:26; Luke 19:13; 1 Tim. 6.12; 1 Thess. 1:7; James 5:8; 1 Thess. 4: 17, 18. And so let us watch till he comes.

Mr. Moody then closed the service with prayer and benediction.

SAVING AND HAVING.—Either man must be content with poverty all his life, or else be willing to deny himself some luxuries, and save, to make the base of independence in the future. But if man denies the future, and spends as he earns (whether his earnings be one or ten d llars a day), let him look for lean and hungry want at some future time, for it will surely come, no matter what he thinks. To save is absolutely the only way to get a fortune; there is no other certain mode. Those who shut their eyes and ears to these plain facts will be forever poor, and for their obstinate rejection of truth, mayhap will die in misery. But no. They take a sort of recompense in cursing fortune. Great waste of breath. They might as well curse the mountains and the eternal hills. For I can tell them that fortune does not give away real and substantial goods. She sells them to the highest bider. Men never make such a mistake as when they think themselves captives of fate—'tis the sheerest folly in the world. Every man makes or mars his life, whichever he may choose. Fortune is for those who by diligence, honesty and frugality place themselves in a position to grasp hold of it when it appears in view. The best evidence of frugality is the five hundred dollars or more standing in your name at the savings bank. The best evidence of honesty is both diligence and frugality.

PROTECTION AGAINST PHYLLOXERA. A recent number of the *Comtes Rendus* states that M. Gachez, after long and patient research, has become convinced that rows of grape-vines with intercalary rows of red maize are completely shielded from the ravages of the phylloxera. The insect abandons the roots of the vines to prey upon the roots of the maize. M. Gachez tried this method upon his vines, the roots of which, last spring, were covered with these insects. In September, the careful examination failed to detect a single one on the vines. The roots of maize planted alongside the vineyard did not present any traces of the phylloxera.

M. Pignede found an effective remedy in digging, during March and April, a trench 4 inches deep around his infected vines, and throwing in 500 grams (1.1025 pounds) of burnt lime. He then whitewashed the vine after having removed its bark. This operation, he declares, destroyed the greater part of the insects and their eggs, and arrested the hatching of the eggs already deposited upon the vine. The first year afterwards the vines gave out vigorous shoots, and the second year fine grapes in large quantities. The lime, applied to healthy vines, preserves them from the attack of the phylloxera.

LEARN ABOUT THE PULSE.—Every intelligent person should know how to ascertain the state of the pulse in health; then by comparing it with what it is when he is ailing, he may have some idea of the urgency of his case. Parents should know the healthy pulse of each child—as now and then a person is born with a peculiarly slow or fast pulse, and the very case in hand may be of that peculiarity. An infant's pulse is one hundred and forty; a child of seven, about eighty; and from twenty to sixty years, it is seventy beats a minute, declining to sixty at four score. A healthful grown person's pulse beats seventy times in a minute; there may be good health down to sixty; but if the pulse always exceeds seventy there is a disease; the machine is working itself out, there is a fever or inflamation somewhere, and the body is feeding on itself; as in consumption, when the pulse is quick, that is, over seventy, gradually increasing with decreased chances of cure, until it reaches one hundred and ten or one hundred and twenty, when death comes before many days. When the pulse is over seventy for months, and there is a slight cough, the lungs are affected.

HOW TO ESCAPE ASPHYXIA FROM SMOKE.—Dr. Blodget of Boston communicates the following information for the benefit of theatre-goers and others who may be caught in burning buildings, and in danger of being smothered by inhaling smoke: It is the same process by which the "man-fish" who performs under water at the theatres, and by which the pearl-divers off the coast of Ceylon are enabled to remain under water four minutes without disturbing the functions of respiration, that is, by holding the breath. This may be done by making four or five full, deep inspirations and expirations of air from the lungs, then, taking one full, long, deep inspiration and hold the breath, aided by grasping the nose with the fingers; one may be able to pass down three or four flights of stairs through a dense smoke harmless, whereas ordinarily he would drop unconscious the second or third inspiration. Again, when practicable, one should creep or crawl with the head as near the floor as possible, as the nitrogen of fresh air being a more dense gas than the product of combustion, the latter naturally rises. These hints, if observed, especially by firemen and police, may result in saving life in times of great danger.

THE BALANCE OF TRADE.—The first ten months of the last year showed the balance of trade in the United States to be $82,322,000. This, of course, included the specie exports. The exports of specie, however, only exceeded the imports by $34,881,000. The average balance against us on specie account for the last half-dozen years has been somewhere in the neighborhood of $55,000,000. This check to the drain of gold has no doubt had a great deal to do with the decline in that metal.

The Yolo Democrat,
With a Weekly Supplement.
OFFICIAL PAPER OF YOLO COUNTY.

WOODLAND. CAL:
Thursday, February 1, 1877.

REVIVALISTS.—Messrs Moody and Sankey began meetings in Boston on the 28th with an audience of 6,000 and 10,000 more were unable to gain admission.

REPORTED DEATH.—The death of Hon. Alexander H. Stevens was reported the other day but afterwards contradicted. He is lying very low however, under his old malady.

THE NEW HAMPSHIRE ELECTION. On the second day of March three Congressional Representatives are to be elected, with a State ticket, in the Granite State. Propably the conclusion to be reached by the Tripartite Electoral Commission will have some effect, by discouraging one or the other party.

BUSINESS AFFECTED.—Commercial reports state that the adoption by Congress of the Compromise measure for the settlement of the Presidential question seems to have been received with a great deal of satisfaction in business circles in the East, and a more hopeful feeling obtained in regard to future trade.

BEST BOOK FOR EVERYBODY.—The new illustrated edition of Webster's Dictionary, containing three thousand engravings, is the *best book for everybody* that the press has produced in the present century, and should be regarded as indispensable to the well-regulated home, reading-room, library, and place of business.

HOW THEY STAND.—All the California Delegation in Congress supported the Electoral Commission Bill except Sargent in the Senate, and Page in the House. In the House 161 Democrats and 30 Republicans voted for and 68 Republicans and 18 Democrats against it. In the Senate only one Democrat, Eaton of Connecticut, opposed the measure.

IMPRISONED.—Thistleton, publisher of the San Francisco *Jolly Giant*, was on Saturday sentenced by Judge Ferrall to imprisonment in the County Jail for one year without the option of a fine. In passing sentence the Judge said that he had no sympathy with any man or newspaper that made war on religious faith. Of all crimes the twin ones of slander and libel were the worst.

SHOT.—Miguel Berryessa, a Spanyard, was assassinated by shooting in Colusa county on the 20th ult., while riding on horseback. The Coroner's Jury found a verdict charging Tuburcio Martinez, and others unknown to the Jury, with the murder. Martinez is missing. He is supposed to have taken an Indian girl with him. Berryessa had ten shots through his body. The shooting was done with a heavy rifle. His horse was also killed.

POLITICAL BAROMETER.—It is said that Louisiana State bonds advanced over seven cents on the dollar within a week after Governor Nicholls' inauguration, but fell three and a half cents while Grant's Sunday dispatch was construed as meaning the support of Packard. This shows plainly how the respective candidates and the parties they represent are regarded in monetary circles. With Democracy in the ascendent the mercury rises, and *vice versa*.

THE AGRICULTURAL SOCIETY.—The annual meeting of this Society was held in Sacramento Jan. 25th. There was a large attendance and good interest. Marion Biggs was chosen President and the following were chosen directors: For three years, L. U. Shippee, of San Joaquin; Wm. P. Coleman, of Sacramento; W. Dana Perkins, of Placer. For two years, C. E. Singletary, of Santa Clara, and Mike Bryte of Sacramento. For one year, Capt. G. A. Johnson, of San Diego. A resolution was adopted looking to a remodelling of the Park and better stock grounds. The annual report of the Directors shows the Society to be in a healthy and solvent condition, and of very widely extended influence. For the year 1876, the receipts were $52,044; disbursments, $50,519 88.

THE INFAMOUS FRAUD ADMITTED. The telegraph says: "Littlefield, Clerk of the Returning Board, testified before Morrison's House Committee Jan. 30th that on the 3d of December he altered the original returns from two of the polls in Vernon parish so as to transpose 178 Democratic votes over to the Republican candidates. That he did so by express direction of Governor Wells, and that after making copies of the altered originals and substituting them for the originals the latter were burned either by himself or Wells." And this is one of the smallest swindles of that nest of swindlers denominated a Returning Board. Thousands of votes were changed by these scoundrels, numbers making no difference until they had accomplished their purpose of entirely changing the face of the actual returns. No one need be astonished at the course of the Board—they were denominated infamous by high dignitaries of their own party on account of similar glaringly illegal acts on previous occasions. But the astonishing part is that anyone should be willing to sustain them in their villainies. Yet some do.

The Electoral Commission Bill a Law.

The Bill reported by the Joint Committee of Congress for the settlement of the question who has been elected President of the United Stases, which we published in full last week, passed both Houses of Congress by an overwhelming majority—47 to 17 in the Senate, and 191 to 86 in the House—and has been approved by the President, who also sent in a message giving his reasons, which we publish in another column, and which we consider the most patriotic of all Grant's official papers.

The Electoral Commission is constituted as follows: Senators Edmunds, Morton, Frelinghuysen, Thurman and Bayard; Representatives Payne, Hunton, Abbot, Garfield and Hoar; Supreme Court Justices Clifford, Strong, Miller, Field and Bradley.

Under the new law the two Houses of Congress meet at 10 A.M. to-day (first Thursday in February, 1877) in the House of Representatives at Washington to count the votes of the States for President and Vice-President, taking the alphabetical order of the States—the A's first, and so on—and referring disputed questions to the Commission. It is impossible to arrive at a conclusion as to when the result will be determined, but doubtless within a few days.

This plan will afford an amicable settlement of the vexed question, and the result must be accepted by all. The high character of the gentlemen composing the Commission gives confidence that a fair settlement will be reached and that the country will have peace and the President of its choice. The Commission will individually subscribe to the following oath: "I, ——, do solemnly swear (or affirm, as the case may be) that I will impartially examine and consider all questions submitted to the Commission of which I am a member, and a true judgment give thereon, agreeably to the Constitution and the laws, so help me God!"

Returning Board Tactics.

From the testimony given before the Congressional Committee of investigation in New Orleans, by J. Madison Wells, President of the Election Returning Board of Louisiana, we copy the following:

"Gov. Wells said he kept a minute-book of all the proceedings of the Board. No minutes were taken in secret session. They were made afterward. The Board filled a vacancy in 1874, resignation of General Longstreet, but did not fill the vacancy in 1876, caused by the resignation of Mr. Arroyo in 1875. I believe the law says there shall be a Democrat on the Board. I think it is the duty of the Board to fill vacancies, but did not fill the vacancy in 1876 because the Board could not agree. Dr. Hugh Kennedy, the gentleman proposed for the vacant position on the Board, is a gentleman of high standing, irreproachable character, and a friend of mine; but the Board could not agree on his appointment. I did not vote on the question and do not think that any member of the Board was much opposed to Mr. Kennedy; but in talking over the question we found that we could not agree."

"When asked how about holding a Federal office (Surveyor of the Port) and a State office (member of the Returning Board) at the same time, Wells denied that he was a State official as a member of the Returning Board. He acknowledged that he was a partisan, had been made bitter by persecution. He said he was not baised in favor of the Republican party by his claim of $450,000. 'When I saw Mr. Tilden's letter', he continued, 'I considered my chances of getting a single dollar of my claim very slim, if he were elected. Myself and relatives hold claims aggregating $750,000, but I am, and have been for many years, estranged from my kin, and know nothing of their claim.' Wells could not explain how he had made a change of 352 votes in favor of Hayes in Vernon, an unprotested parish. He received Republican returns from other hands than the Supervisors. He would not receive Democratic returns from any other than the Supervisors. He said, 'I do not know the number of polls rejected. In all the number I don't know of a single Republican poll.'"

Mr. Littlefield, one of the clerks of the Louisiana Returning Board, was examined, and was asked, but refused to answer whether a change was directed by any member of the Returning Board, transfering the Democratic vote to the Republican side, and whether the change was not made before the paper passed out of the hands of the Returning Board. Littlefield made a statement about the Vernon parish return, and said while the Returning Board was in secret session, Welis came to Littlefield's desk in the Clerk's room, with the Vernon parish returns, and requested him, Littlefield, to transpose the vote of the Second and Ninth precincts to the other side, explaining that such transfer would elect Republicans for District Judge and Attorney. Littlefield said he made such transposition. After the Morrison Committee called Wells to testify, Wells said there would be some trouble about Vernon parish, and asked Littlefield to figure up and make 178 votes for those candidates. Littlefield said he could do it by altering three other precincts, One, Seven and Ten. Wells assented and said, "We will have affidavits prepared." Wells told him to make a copy, and then destroyed certain tally-sheets.

Davis' Seat Contested.

On Tuesday last, as we learn from the *Examiner*, Hon. Wm. A. Piper of the First (San Francisco) Congressional District, by his attorney Mr. Wm. Hayes, served notice of contest upon Mr. Horace Davis of that city, to his right to represent that district in Congress, on the ground that the whole election was a fraudulent one. Mr. Piper's protest sets forth that there were cast for himself by duly qualified voters of the district, nineteen thousand, three hundred and sixty-three votes. That by the laws of the State a "Great Register" must be kept in the office of each County Clerk, and that the names of all qualified voters must be entered, before an election upon said book, and that no person is a qualified elector unless his name is so enrolled upon the Great Register of the County in which he intends to vote. That in the election held on the 7th day of November in that district *over nine thousands persons voted who were not qualified electors of the district or of the State;* that over 9,000 persons voted whose names were not enrolled upon the Great Register, and that in his opinion those votes were illegal. Mr. Piper further adds, that over four thousand votes were cast for Mr. Davis in the names of persons who did not then reside in San Francisco and who never previously had any known residence there or elsewhere.

According to this showing, Mr. Piper has a strong case and may yet obtain the seat in Congress to which he appears to be clearly entitled.

Light on Louisiana's Vote.

PROOFS OF THE ENORMOUS FRAUDS PRACTICED BY REPUBLICANS.

Mr. Morrison's committee completed their labors at New Orleans Jan. 16th. The New York *Sun* says theirs has undoubtedly been a most thorough and fair investigation. They have heard all witnesses summoned by both parties, visited every locality where alleged outrages were said to have existed, and examined every officer who made a charge against our people. They have laid bare an enormous amount of fraud practiced by the Republican party, and have proved that many of those directing officially the election were notorious criminals of the worst kind. They have proved that the Republicans fradulently registered more than 20,000 names, a large part of which were voted on at the last election; that the Democratic votes were legally, fairly and peacefully obtained; that the Democrats lost several thousand votes by Republican frauds and intimidation of their colored allies; and they have information full and plain enough to establish the fact that Louisiana has fairly elected the Tilden electors. They take with them to Washington an official statement of the exact number of votes cast, nearly 84,000 for the Tilden electors and 77,000 for the Hayes electors; a sworn statement got from Republican officers of the number of votes excluded by four Republican Supervisors, amounting to 3,000 Democratic votes; a sworn statement of the number of votes officially returned by the Supervisors to the Returning Board amounting to nearly 81,000 for Tilden and over 76,000 for Hayes; a sworn statement of the number of votes excluded by the Returning Board in addition to those previously excluded by the Supervisors, numbering over 10,000; and the returns as already promulgated by the Board of the seventy-one polls excluded in twenty-four parishes. The committee has examined each poll impartially, and ascertained that not in a single case was there a valid pretext for the rejection of a single Democratic vote. On the investigation they have made, this committee can show that Louisiana's Democratic majority in the last three elections has been fairly voted, and that in the last it was only reduced by many thousands through the most extensive Republican frauds. Messrs. Stagg, Dusson, and Prescott, of St. Landry, and Gen. Mumford Wells, of Rapides, testified to the unreliability of Gen. T. C. Anderson, and as to how he had manipulated the Bayou Boeuf Improvement and Navigation Company, by which he has alleged to have secured $80,000 from the State by an expenditure of $8,000. Frank Wheaton, of New Orleans testified to the indictment of Kenner, of the Returning Board, for entering false names on the pay-roll of street laborers, and collecting money on it from the city, and to his confession but subsequent *nolle prosequi* by the District Attorney, notwithstanding his confession to the foreman of the Grand Jury.

MARK THESE FACTS.
The Testimony of the Whole World.
HOLLOWAY'S PILLS.

"I had no appetite; Holloway's Pills gave me a hearty one."
"Your Pills are marvellous."
"I send for another box, and keep them in the house."
"Dr. Holloway has cured my headache that was chronic."
"I gave one of your Pills to my babe for cholera morbus. The dear little thing got well in a day."
"My nausea of a morning is now cured."
"Your box of Holloway's Ointment cured me of noises in the head. I rubbed some of your Ointment behind the ears, and the noise has left."
"Send me five boxes of your Pills."
"Let me have three boxes of your Pills by return mail, for Chills and Fever."
I have over 200 such testimonials as these, but want of space compells me to conclude.

For Cutaneous Disorders,
And all eruptions of the skin, this Ointment is most invaluable. It does not heal externally alone, but penetrates with the most searching effects to the very roots of the evil.

HOLLOWAY'S PILLS
Invariably cure the following diseases
Disorder of the Kidneys.
In all diseases affecting these organs, whether they secrete too much or too little water, or whether they be afflicted with stone or gravel or with aches and pains settled in the loins over the regions of the kidneys, these Pills should be taken according to the printed directions, and the Ointment should be well rubbed into the small of the back at bedtime. This treatment will give almost immediate relief when all other means have failed.

For Stomachs Out of Order.
No medicine will so effectually improve the tone of the stomach as these pills; they remove all acidity occasioned either by intemperance or improper diet. They reach the liver and reduce it to a healthy action; they are wonderfully efficacious in cases of spasm, in fact they never fail in curing all disorders of the liver and stomach.

HOLLOWAY'S PILLS are the best known in the world for the following diseases: Ague, Asthma, Billious Complaints, Blotches on the Skin, Bowels, Consumption, Debility, Dropsy, Dysentery, Erysipelas, Female Irregularities, Fevers of all kinds, Fits, Gout, Headache, Indigestion, Inflammation, Jaundice, Lumbago, Liver Complaints, Piles, Rheumatism, Retention of Urine; Scrofula or King's Evil, Sore Throat, Stone and Gravel, Ticdoloroux, Tumors, Ulcers, Worms of all kinds, Weakness from any cause, etc.

IMPORTANT CAUTION.
None are genuine unless the signature of J. HAYDOCK, as agent for the United States, surrounds each box of Pills and Ointment. A handsome reward will be given to anyone rendering such information as may lead to the detection of any party or parties counterfeiting the medicines or vending the same, knowing them to be spurious.
Sold at the manufactory of Prof. HOLLOWAY & Co., New York, and by all respectable druggists and dealers in medicine throughout the civilized world, in boxes at 25 cents, 62 cents and $1 each.
There is considerable saving by taking the larger sizes.
N. B. Directions for the guidance of patients in every disorder are affixed to each box.

Town and County Matters

Every letter or communication to the DEMOCRAT *should bear the name of the author, not necessarily for publication, but as a guaranty of good faith.*

THE "BLOOD-LETTER" EXPOSED. A telegram to the Associated Press dated Washington, Jan. 25th, is as follows: The Committee on Powers and Privileges, to-day examined J. B. Deberry, telegraph operator at the railroad depot, Tallahassee, who testified to seeing dispatches from Zach. Chandler to Gov. Stearns in substance as follows: "we are now sure of so many electoral votes for Hayes," witness did not remember the number, "and we must have Louisiana, South Carolina and Florida by fair means or otherwise." He could not give the exact language. Zach. Chandler also telegraphed to Gov. Stearns in substance "Send a courier to each county and secure the returns. They must be made to show a majority for Hayes." He also remembered a telegram from Zach. Chandler to Gov. Stearns saying he had seen the President and Secretary of War and was authorized to say troops and money would be furnished. Troops arrived shortly after.

The above proves that the Radicals, with dirty Zach. Chandler at their head, are deliberately trying to cheat the people of these United States out of their choice for President. What can the people think of such men? and what should be their reward? An individual who defrauds another is punishable under the law, how much more guilty, and how much greater should be the punishment and disgrace of the man or party who would defraud a whole people.

REPORT OF POOR RELIEF COMMITTEE.—For the information of the public we are requested to publish the following report:

There has been received by the Relief Committee, above expenses, $197.70; four families have been assisted, leaving on deposit in the Bank at the present time the sum of $176.40. The Committee will use the money as judiciously as possible.

MRS. KELLEY, Chairman,
MRS. BUSH, Treasurer.

From the above report, we conclude that there has been more said about the necessities of poor persons in our midst than there was ground or reason for. The whole amount the Committee of ladies in charge have found it necessary to disburse is $21.30, and this divided among four families. The public will be glad to hear that there are so few needy poor in our town of about four thousand inhabitants. It is well and proper, however, to have a fund on hand for cases of necessity which may arise hereafter. We trust that the report of the Committee will be entirely satisfactory.

ANOTHER GLORIOUS RAIN.—All fears are now quieted in regard to a sufficient rainfall to make crops. The storm of this week has been general throughout the State. At this point the fall was, as recorded by the rain-gauge at Elston & White's drug store: on the 29th 1.16, 30th .60, 31st .22, February 1st (up to 9 A.M.) .49, making altogether 2.47. Put with this the fall of last week, 1.97, and it makes 4.44 inches. To this add 3.47 previously reported and we have for the season 7.91 inches. Early sown wheat hereabout is looking splendid and that which had not come up before last week's rain is doing finely. The prospect here is now regarded as excellent for full crops the coming season.

THE AMERICAN CYCLOPEDIA.—This great work just completed by the Appleton's is proving to be the greatest success of the age. The sales, which are made entirely through agents, will reach not less than 100,000 sets, or a total of $10,000,000. This work is the standard authority upon all subjects and is the epitome and ultimatum of all knowledge. It is worthy of the name of library, and should be in the home of every man of intelligence; and he who possesses and properly uses it will find it a fountain of living water his whole life through. "Specimen pages" of this work will be sent free to all our subscribers who write to the General Agents, James T. White & Co., 728 Montgomery St. San Francisco.

MACALLISTER.—Another crowded house greeted this famed illusionist last night and another programme of mystery and wonder was presented. The professor uses but few stage appliances, relying almost entirely upon his remarkable powers of legerdemain to entertain and mystify his auditors. He is certainly a master of the art of "how to do it." Another entertainment will be given to-night. The gifts in large numbers were distributed among the lucky holders of the numbered cards. Miss. Matilda Steigerman, of Santa Clara, won the parlor couch. To-night the principal prize is a marble top bureau, solid walnut. *San Jose Herald.*

This great illusionists will open at Washington Hall on Thursday evening next, Feb. 1st, and remain three nights, distributing one hundred presents nightly. Matinee on Saturday at 2 o'clock.

NEW PATENTS.—Through Dewey & Co., Patent Agents, S. F., we receive the following advance list of U. S. patents granted to Pacific Coast inventors viz: Henry Compes, S. F., sofa bedsteads; J. H. Harris, Sacramento, checks for metal turning lathes; Jas. A. Balch, East Portland, Ogn., tubular gang saws; Rufus Denmark, Washington Corners, Cal., belt shipping attachment for pulleys; Edward Ellison, S. F., mechanism for lessening draft of vessels; Wm. Fruling, San José, gang plows; Theodore C. Nativel, S. F., portable fire places; John W. Stewart, S. F., refrigerators; Samuel R. Wallace and Oliver V. Wallace, S. F., railway cars.

I. O. G. T. ANNIVERSARY.—Success Lodge of Knights Landing had a very pleasant anniversary celebration at Union Hall on Tuesday evening. The officers have our thanks for a complimentary invitation.

MACALLISTER.—This great illusionist, celebrated throughout the country, will give his first entertainment in this place at Washington Hall this (Thursday) evening. He gives 100 presents at every performance.

RACES AND SHOOTING.—A sweepstake race will take place over the Woodland course on Saturday next for a purse of $300. There will also be a shooting match at 10 A.M. same day for a purse of $25.

BALL AT WINTERS.—We hear that the patriotic citizens of Winters are preparing to give a grand ball on the evening of the anniversary of Washington's Birthday.

PRESIDENT'S MESSAGE.

Approving the Electoral Bill.

WASHINGTON, Jan. 29.—Following is the text of the President's message concerning the Electoral Bill:

To the Senate:—I follow the example heretofore occasionally presented of communicating in this mode my approval of the Act to provide for and regulate counting the votes for President and Vice-President, and decision of the questions arising thereon, because of my apprehension of imminent peril to the institutions of the country, from which in my judgment it affords a wise and Constitutional means of escape. For the first time in the history of our country, under the Constitution as it now is, a dispute exists with regard to the result of the election of Chief Magistrate of the nation. It is understood that on the disposition of disputes touching the electoral votes cast at the late election by one or more States, depends the question whether one or other of the candidates for the Presidency is lawful Chief Magistrate. The importance of having clearly ascertained by a procedure regulated by law, which of the two citizens has been elected, of having the right to this high office recognized and cheerfully agreed in by all the people of this republic, cannot be over-estimated, and leads me to express to Congress and the nation my

GREAT SATISFACTION AT THE ADOPTION OF A MEASURE

That affords an orderly means of decision of these gravely exciting questions. While the history of our country in its earlier period shows that the President of the Senate has counted the votes and declared their standing, our whole history shows that in no instance of doubt or dispute has he exercised the power of deciding, and that the two Houses of Congress have disposed of all such doubts and disputes, although in no instance have they been such that their decision could essentially have affected the result. For the first time, then, the Government of the United States is now brought to meet the question, as one evil to result, and this under conditions not best calculated to produce agreement or induce calm feeling in the several branches of the Government, or among the people of the country. In a case where, as now, a result is involved, it is the highest duty of the law making power to provide in advance a Constitutional, orderly and just method of executing the Constitution in this most interesting and critical clause of its provisions. The doing so, so far from being a compromise of right, is an enforcement of right, and an execution of the powers conferred by the Constitution on Congress.

I THINK THIS ORDERLY METHOD HAS BEEN SECURED BY THE BILL,

Which, appealing to the Constitution and law as guides in ascertaining rights, provides the means of deciding questions of single returns through direct action of Congress, and in respect to double returns by a tribunal of inquiry whose decisions shall stand unless both Houses of Congress shall concur in determining otherwise, thus securing a definite disposition of all the questions of dispute, in whatever aspect they may arise. With or without this law, as all of the States have voted, and as a tie vote is impossible, it must be that one of the two candidates has been elected. It would be deplorable to witness any irregular controversy as to which of the two should receive or which should continue to hold office. In all periods of history controversy has arisen as to succession or choice of Chiefs of States, and no party or citizen loving their country and its free institutions can sacrifice too much of mere feeling in preserving, through upright force of law, their country from the smallest danger to its peace on such occasion, and it cannot be impressed too firmly on the hearts of all the people that true liberty and real progress can exist only through

CHEERFUL ADHERENCE TO CONSTITUTIONAL LAW.

The bill purports to provide only for the settlement of questions arising from the recent elections. The fact that such questions can arise, demonstrates the necessity, which I cannot doubt will before long be supplied, of permanent general legislation to meet cases which have not been contemplated in the Constitution or laws of the country. The bill may not be perfect, and its provisions may not be such as would be best applicable to all future occasions; but it is calculated to meet the present condition of the questions and of the country. The country is agitated. It needs and desires peace and quiet, and harmony between all parties and all sections. Its industries are arrested, labor unemployed, capital idle, and enterprise paralyzed, by reason of the doubt and anxiety attending the uncertainty of a double claim to the Chief Magistracy of the nation. It wants to be assured that the result of the election will be accepted without resistance from the supporters of the disappointed candidate, and that its highest officer shall not hold his place with a questioned title of right. Believing the bill will secure these ends, I give it my signature.

U. S. GRANT.

BALLOT PAPER.—A specimen of the ballot paper to be supplied hereafter by the Secretary of State has been received at this office. It is pinky-white in color, and of rather light weight. It will be sold hereafter at $5.50 per ream—somewhat less than heretofore.

Vacant Places

In the dental ranks will never occur if you are particular with your teeth, and cleanse them every day with that famous tooth-wash, SOZODONT. From youth to old age it will keep the enamel spotless and unimpaired. The teeth of persons who use SOZODONT have a pearl-like whiteness, and the gums a roseate hue, while the breath is purified, and rendered sweet and fragrant. It is composed of rare antiseptic herbs and is entirely free from the objectionable and injurious ingredients of Tooth Pastes, etc.

The Peruvian Syrup!

Vitalizes and enriches the blood, tones up the system, builds up the broken down, cures Dyspepsia, Liver Complaints, Dropsy, Chronic Diarrhœa, Boils, Nervous Affection, Chills and Fevers, Humors, Loss of Constitutional Vigor, Diseases of the Kidneys and Bladder, Female Complaints, and all diseases originating in a bad state of the Blood, or accompanied by Debility or a low state of the system.

CAUTION!—Be sure you get the "Peruvian Syrup." One dollar and two dollars a bottle. Prepared by SETH W. FOWLE & SONS, 86 Harrison Ave., Boston. Sold by druggists generally.

HOLLOWAY'S PILLS AND OINTMENT.—We stand against at the thousands hourly hurried to a premature grave, victims of having neglected the first symptoms of disease. Whether the complaint originates in the body or is introduced accidentally through the skin—fatal results may be warded off by a timely recourse to one or both of these medicines. 25 cents per box or pot.

CAPT. CHARLES SAGER, who keeps a superb stock of livery horses in Portland, Me., told us recently that he used *Sheridan's Cavalry Condition Powders* regularly in his stables, and that the expense is more than offset by the diminished amount of grain necessary to keep his horses always in good order.

MANY people, particularly children, suffer with the earache; and for the benefit of such we give a sure but simple remedy. Put in two or three drops of *Johnson's Anodyne Liniment*, stop the ear with undressed wool, bathe the feet in warm water before going to bed, and keep the head warm at night.

Centaur Liniments!

One Kind for the Human Family, The other for Horses & Animals.

These Liniments are simply the wonder of the world. Their effects are little less than marvellous.

THE WHITE LINIMENT is for the human family. It will drive Rheumatism, Sciatica and Neuralgia from the system; cures Lumbago, Chillblains, Lock-jaw, Palsy, Itch, and most cutaneous eruptions; it extracts frost from frozen hands and feet, and the poison of bites and stings of venomous reptiles; it subdues swellings, and alleviates pain of every kind. When sprains or bruises occur, it is the most potent remedy ever discovered to heal the injured parts. The Centaur Liniment is used with great efficacy for Sore Throat, TOOTHACHE, CAKED BREASTS, Earache, and Weak Back. The following is but a sample of numerous testimonials:

"INDIANA HOME, JEFF. CO., IND., May 28, 1873.
"I think it my duty to inform you that I have suffered much with swollen feet and chords. A few bottles of Centaur Liniment has done the work for me. I have not been free from these swellings in eight years. Now I am perfectly well. The Liniment ought to be applied warm. BENJAMIN BROWN."

The proof is in the trial. It is reliable, it is handy, it is cheap, and every family should have the White Centaur Liniment.

THE YELLOW CENTAUR LINIMENT is adapted to the tough muscles, cords and flesh of horses and animals. It has performed more wonderful cures, in three years, of Spavin, Strain, Wind-galls, Scratches, Sweeny, and general Lameness, than all other remedies in existence. Read what the great Expressmen say of it:

"NEW YORK, January, 1874.
"Every owner of horses should give the CENTAUR LINIMENT a trial. We consider it the best article ever used in our stables.
"H. MARSH, Sup't Adams Ex. Stables, N.Y.
"E. PULTZ, Sup't U. S. Ex. Stables, N.Y.
"A. S. OLIN, Sup't Nat. Ex. Stables, N.Y."

The best patrons of this Liniment are Farriers and Veterinary Surgeons, who are continually using some Liniment. It heals Galls, Wounds and Poll-evil, removes Swellings, and is worth millions of dollars annually to Farmers, Livery-men, Stock-growers, Sheep-raisers, and those having horses or cattle.

What a Farrier cannot do for $20 the Centaur Liniment will do at a trifling cost.

These Liniments are sold by all dealers throughout the country. They are warranted by the proprietors, and a bottle will be given to any Farrier or Physician who desires to test them.

Honey.

PITCHER'S CASTORIA is a complete substitute for Castor Oil, and is as pleasant to take as Honey. It is particularly adapted to Teething and irritable children. It destroys worms, assimilates the food, regulates the Stomach, and cures Wind Colic. Few remedies are as efficacious for Feverishness, Croup, Worms and Whooping Cough. Castoria is a scientific and purely vegetable preparation, more effective than Castor Oil, and neither gags nor gripes. Prepared by Messrs. J. B. ROSE & Co., 46 Dey Street, New York, from the recipe of Samuel Pitcher, M.D., of Barnstable, Mass.

A Card to the Public.

For many years we have made two medicines suited to the ailments of a vast class of sufferers. Thousands of cures have been made by them, and, in fact, the word failure could not be coupled with them. But within the last two years counterfeits of our medicines have sprung up, dangerous in their close imitation of our trade mark. To secure the people we have placed upon each genuine box of Holloway's Ointment, the fac simile of the signature of our agent Mr. Jos. Haydock. To counterfeit is felony. We shall relentlessly pursue any one who imitates this with the utmost vigor of the law. We most earnestly beg that the great mass of American people will aid us in our efforts to protect their health, and help us in our task of bringing these most unprincipled men to the bar of justice. Uniformly refuse to purchase Medicines purporting to be ours unless Mr. Jos. Haydock's signature is attached to each box of Pills or pot of Ointment, and the end will soon be reached.

The public's obedient servants,
HOLLOWAY & CO.

Bronchitis.

From John Flagg, Esq., of Bennington, N. H.
"Three years since I was very much reduced with a dreadful cough, which resulted in Bronchitis, affecting me so severely as to render it difficult to speak in an audible voice. To this was added severe night sweats, and I was fearful of going into a decline. After recourse to various remedies, to no purpose, I made use of "Dr. Wistar's Balsam of Wild Cherry," a few bottles of which fully restored me to health. Since that time I have had several severe attacks of cough, but the "Balsam" has always removed them. I always keep it by me, and should not know how to do without it." Sold by all druggists.

Strange, but True.

Your Cough is killing you! Is your life worth 25 cents? If so, use "Dr. Seth Arnold's Cough Killer," the great eradicator of all Lung Diseases. It is superior to all other remedies yet discovered for Coughs, Colds, Sore Throat, Whooping Cough, Croup, and all diseases of the Throat and Lungs. Price 25 cents, 50 cents and $1.00. Call on E. BYNUM & Co., Agents, Woodland, Cal., and obtain a bottle. If relief is not afforded, money refunded. Two doses will relieve the most severe case. A sure, speedy, and perfectly safe remedy, proved by trial to excel any other in the world. Remember it is warranted. Compounded by the Dr. Seth Arnold Medical Corporation, Woonsocket, R. I.

The Beautiful Land.

There's a Beautiful Land by the spoiler untrod,
Unpolluted by sorrow or care;
It is lighted alone by the presence of God,
Whose throne and whose temple are there.
Its crystalline streams with a murmurous flow,
Meander through valleys of green,
And its mountains of jasper are bright in the glow
Of a splendor no mortal has seen.

And throngs of bright singers with jubilant breath,
Make the air with their melodies rife;
And One known on earth as an angel of death,
Shines here as an angel of life!
And infinite tenderness beams from his eyes,
On his brow is an infinite calm,
And his voice as it thrills through the depth of the skies,
Is as sweet as the seraphim's psalm.

Through the amaranth groves of the Beautiful Land
Will be souls who are faithful in this,
And their foreheads by softest of zephyrs be fanned,
That evermore murmur of bliss,
They'll taste the rich fruitage that hangs from the trees,
And breathe the sweet odor of flowers,
More fragrant than ever were kissed in the breeze
In Araby's loveliest bowers.

Old prophets, whose words were a spark of flame,
Blazing out of the darkness of time,
And martyrs, whose courage no torture could tame,
Nor turn from their purpose sublime;
And saints and confessors, a numberless throng,
Who were loyal to truth and to right,
And left as they walked thro' the darkness of wrong,
Their footprints encircled with light.

And the dear little children who went to their rest
Ere their lives had been sullied by sin,
While the angel of morning still tarried a guest
Their spirit's pure temple within—
Will be there, will be there—in the Beautiful Land,
That Land by the spoiler untrod,
And their foreheads by pleasantest breezes be fanned,
That blow from the gardens of God.

My soul hath looked through the gateway of dreams,
On the city all paved with gold,
And heard the sweet flow of its murmuring streams
As through the great valleys they rolled;
And though it still waits on the desolate strand,
A pilgrim and stranger on earth,
Yet it knew in that glimpse of the Beautiful Land,
That it gazed on the home of its birth.

General News Items.

Important silver discoveries have recently been made near Calistoga.

Hon. Ben. Hill has been reëlected to the United States Senate from Georgia.

The consumption of sugar on the Pacific slope last year amounted to over 74,000,000 pounds.

Peter Larkin was hanged at Virginia City last week for the murder of Corcoran. He died protesting his innocence.

Money is plentiful in San Francisco and Sacramento banks. Last week the Nevada Bank loaned $900,000 at 9 per cent.

According to the new census of the Bay State, there are 104,514 persons above ten years of age, who cannot read and write.

The Democratic position is stated by the St. Louis *Times* to be: "*We ask nothing but that which is right, and will submit to nothing that is wrong.*"

The proprietors of the Burlington (Ia.) Hawkeye have purchased the material of the defunct Washington *Chronicle*, and will start a newspaper in Washington.

The sum of $263,590,748 68 is a large amount of plunder, yet that is what the Republican thieves are said to have stolen from the Southern States since the war.

Governor Stearns says that if he was defeated, the Tilden Electors were chosen. And this is said to be the general sentiment among the Radicals of Florida.

General Longstreet, a Radical since the close of the war, says Nicholls was fairly elected Governor of Louisiana, and that the action of the Returning Board was an outrage.

Judge Wallace, says the Napa *Reporter*, is still in San Francisco under treatment for his eyes. He is confined to a dark room and not allowed to read. He is getting better.

In Los Angeles the Grand Jury directly charge the existence and spread of small pox to "the ignorance, indifference and niggardly economy of the Common Council."

Tim Hurley, one of the Hayes Electors in South Carolina, is under indictment for corruption and fraud in office, and on a fair trial will undoubtedly go to the penitentiary.

Gov. Hayes' unsuccessful effort to swindle Southern Representatives into supporting his fradulent inauguration, has lowered him considerably in the opinion of the American people.

The London *Post's* Berlin dispatch of Jan. 24th, says many Russian railway Administrations have been notified, that after the 27th their lines will, in all probability, be required for military purposes.

Thirty-six inch armor is to be pierced by the projectile of the gun for which the British Admiralty are inviting designs; and it is presumed the weight of the gun will approximate two hundred tons.

The Springfield (Mass.) *Republican* says that any unpartisan mind must confess that Tilden is entitled to the vote of Louisiana, and so entitled to the Presidency. This is a simple statement of the indubitable fact.

Judge Mackey, of South Carolina, declares that his Court will not permit the collection of a tax by Chamberlain's Tax Collectors. Chamberlain's numerous pardons for his creatures in the prisons are disregarded.

Among the failures in San Francisco this week we regret to notice the name of Berry, Wolfskill & Co., stock brokers. Mr. Wolfskill is an old settler of Solano county, and a very popular gentleman withal, and everybody in this region will regret his embarassments.

J. C. Flood, of the bonanza firm, made the following Christmas donations on Christmas Day, irrespective of creed: To the Hebrew Orphan Asylum, $1,000; to the Asylum in charge of the Sisters of Charity, $1,000; to the Protestant Asylum, $500; to the Ladies' Protection and Relief Society, $500.

We talk of Vanderbilt's wealth, but just look here: The combined capital of the Rothchilds is stated by Emile Burnouf, the well known publicist, to have attained in the past year to the almost incalculable sum of seventeen billions of francs, or $3,400,000,000. The significance of these stupendous figures may be rudely conceived by comparisons, but there is nothing in the history of private wealth with which they can be compared.
